## Implementation Plans:

As a result of participating in this continuing education program, I learned information that COULD help me as I work with individuals with dementia or with my community in addressing dementia issues. (check all that apply):

If you answered "nothing", in the previous question, please indicate why?

I do not provide direct care/services.  
I do not provide education/training services.  
Applying the information provided will not improve what I currently do.  
The information provided is not relevant to my current position.  
Other (please describe):

Please take a moment to think of specific ways in which to use the information presented at this conference. Describe below a specific activity that you plan to carry out in your practice/employment or personal setting, based on what you learned today.

You will be contacted in 4-6 weeks via email to complete a follow-up survey regarding the progress on these activities. Your response at that time will provide valuable information for MTGEC’s evaluation process about the effectiveness of the conference on practice improvement.  

**Thank you for completing the evaluation.**
