For healthcare professionals in various care settings, including wound care team members, treatment nurses, staff nurses and nurse managers in acute care, long term care, ambulatory care and community-based settings.

**COURSE DESCRIPTION AND FORMAT**

This 30.0 contact hour course prepares healthcare professionals to practice evidence-based wound management with expanded skills and knowledge. Content is based on national wound management guidelines for a broad range of wounds. The course is presented in two parts:

- Six weeks of online learning which establishes a baseline level of knowledge for each participant.
- Two days of onsite learning (workshop format) which provides skills training, knowledge synthesis and role development.

The course co-directors are available to support learning throughout both parts of the course.

**COURSE CO-DIRECTORS | FACULTY**

*Renee Anderson, MSN, RN, CWON*, Certified Wound Ostomy Nurse; Co-Director, WMEP and WMFC; President, Rainier Clinical Consultants, Inc., Seattle  
*Betty Hanrahan, MSN, CNS, ARNP-BC, CWCN-AP, CWS, FACCCWS, CFCN*  
Certified Wound Care Nurse; Co-Director, WMEP and WMFC
