Assistant or Associate Professor, Department of Pharmacy Practice, Emphasis in Internal Medicine

Job Description
The University of Montana invites applications for a tenure-track Assistant or Associate Professor in Pharmacy Practice beginning July 2017. The position requires primary responsibility for teaching internal medicine and some infectious disease therapeutics and pharmacy practice skills in internal medicine pharmacotherapy as well as serving as the preceptor for Advanced Pharmacy Practice Experience (APPE) students. The successful candidate is expected to develop a research program and provide service commensurate with a tenure-track position.

About UM and the Department
UM is located in picturesque Missoula, Montana, a vibrant community of approximately 80,000 persons. It is the second largest city in Montana and is a hub for art, culture, and healthcare in Western Montana. The 56-acre main campus is located at the base of Mount Sentinel and near the Clark Fork River. Outdoor opportunities abound in the nearby area. Approximately 12,000 students attend UM and the associated Missoula College.

The Department of Pharmacy Practice is comprised of 10 tenure track faculty with numerous adjunct faculty and clinical instructors located throughout the state of Montana. Students complete required APPEs in the state and can choose to complete elective APPEs either in state or out of state. Class size is approximately 65 students.

Required Qualifications, Skills, and Experience
- Doctor of Pharmacy from an ACPE-accredited institution
- Eligible for pharmacy licensure in the state of Montana
- Postdoctoral residency, fellowship or a minimum of 3 years of experience in internal medicine practice setting
- Board certified as BCPS (or board eligible)
- Eligible to precept pharmacy students in the state of Montana
- Evidence of the ability to develop and implement clinical programs to further pharmacy involvement in the clinical site
- Possess leadership and interpersonal skills to facilitate team dynamics and professional growth
- Evidence of the ability to work with other healthcare and research professionals
- Detail oriented
- Excellent interpersonal skills
- Excellent organizational skills
- Ability to collaborate with both clinical and research colleagues
- Experience in education of pharmacy students and desire to teach

Specific Responsibilities include the following:
- The position has primary teaching responsibility in the therapeutics sequence for internal medicine and some infectious disease topics, as necessary
- Develop and/or provide pharmacy service in an internal medicine setting; the most likely practice site would be in a 146 bed Missoula-based, community hospital.
• Precept Advanced Pharmacy Practice Experience (APPE) students in an internal medicine practice setting
• Teaching, scholarship, and service commensurate with a tenure track position at the University of Montana

HOW TO APPLY

Priority Application Date: Applications received by January 8, 2017 will be guaranteed consideration. Application review will begin on January 9, 2017 and continue until the position is filled. Upload the following materials at http://bit.ly/1650UM: *Please note: only five (5) attachments are allowed per application. Please combine documents accordingly.

• Letter of Interest – addressing the stated required skills for the position
• Detailed curriculum vitae listing education and describing work experience
• Names and contact information for three (3) professional references

Criminal Background Investigation is required prior to Offer of Employment
In accordance with University policy, finalists for this position will be subject to criminal background investigations.

ADA/EOE/AA/Veteran’s Preference
Reasonable accommodations are provided in the hiring process for persons with disabilities. For example, this material is available in alternative format upon request. As an Equal Opportunity/Affirmative Action employer, we encourage applications from minorities, veterans, and women. Qualified candidates may request veterans’ or disabilities preference in accordance with state law.

References *References not listed on the application materials may be contacted; notice may be provided to the applicant.

Testing Individual hiring departments at UM-M may elect to administer pre-employment tests which are relevant to essential job functions.

Employment Eligibility All new employees must be eligible and show employment eligibility verification by the first date of employment at UM, as legally required (e.g., Form I-9).
