A. BRIEF OVERVIEW OF AGENCY SETTING

The DeWit RiteCare Clinic offer speech and hearing services to the surrounding community. Our clinic offers graduate students studying Speech Language Pathology hands on experience before being placed in an external placement.

B. DESCRIPTION OF CLIENT GROUP

We provide services for individual and group settings for people of all ages.

C. LEARNING OPPORTUNITIES

The students would have the opportunity to help new and existing clients. We assist families that we cannot accommodate with other options. Our office manager could use assistance in insurance explanations and support. The student could also participate in diagnostics. We do a paperwork audit each semester and the student could assist. Program develop and recruiting is also an area of need.

D. EXPECTATIONS OF STUDENTS

Students will be expected to provide excellent customer service. Resourcefulness is highly desired. The students would be expected support our clients in finding support outside our scope of practice. The students could also support our student clinicians as they navigate the new setting or stress related needs. We would like to follow the student’s lead in interests and skills – so we are open to making the experience work for the student.
